DAY 1 – Thursday, 25 May 2023

(Participants are expected to bring their laptops for the statistics hands-on session, in which SPSS will be used.)

8:00	Secretariat opening and welcome coffee	
8:30	Welcome and “ice-breaking” activity	Adriana Henriques Ricardo Ferreira
8:45	Lecture 1 – Clinical trials and non-pharmacological studies: challenges and opportunities	David Richards
09:45	Lecture 2 – Defining FINER research questions for observational and experimental designs	Loreto Carmona
10:15	Lecture 3 – Deeper detail on Interventional trial designs (parallel design, cross-over design, adaptative designs)	Anne-Terese Tveter
10:45	INTERVAL – Coffee break	
11:00	Lecture 4 - Sample selection, recruitment and randomization techniques	Ricardo Ferreira
11:30	Participants Project Pitch 1’ Pitch from each participant (volunteer) (A symbolic prize will be awarded to the 1 st , and certificates to the three best ones)	Chairs: David Richards Andreia Costa
12:00	Break out groups – “Hands on 1” <ul style="list-style-type: none"> ○ Define a research question ○ Study design ○ Sample selection 5 Groups of 4 participants with a mentor each; draft a project to be later presented, which will be based on the pitch champions.	Group Facilitators: Ricardo Ferreira Cristiano Matos Rikke H. Moe Loreto Carmona Paulo Nogueira
13:15	Networking lunch (lunchbox)	
14:00	Keynote Talk 1: – Introduction to Complex interventions	David Richards
14:35	Lecture 5 – Ethics on a pragmatist perspective and Involvement of patient research partners	Rikke H. Moe
15:10	Lecture 6 – Understanding Research Data Intention-to-treat and related missing data and covariate adjustment	Loreto Carmona
16:00	INTERVAL – Coffee break	
16:20	Lecture 7: Statistical hierarchy of endpoints and Interim analyses	Cristiano Matos
16:50	Break out groups – “Hands on 2” Continuation of Hand on 1 <ul style="list-style-type: none"> ○ Data analysis plan ○ Sample size calculation ○ Randomization techniques 	Group Facilitators: Ricardo Ferreira Cristiano Matos Rikke H. Moe Loreto Carmona Paulo Nogueira
17:50	Wrap up of the first day and closure and GROUP picture	Ricardo Ferreira
19:30	Group Dinner (additional payment required – cost and place to be defined)	

DAY 2 – Friday, 26 May 2023

(Participants are expected to bring their laptops for the statistics hands-on session, in which SPSS will be used.)

08:30	Keynote Talk 2: The experience of REMEDY with community trials with physical activity	Anne-Terese Tveter
09:00	Ask the Expert – The COBRA Study in analysis. https://doi.org/10.1016/S0140-6736(16)31140-0	David Richards
09:40	Statistical (SPSS) corner: Comparing study Group differences (participants are divided into two rooms, but the same topic is addressed)	Paulo Nogueira Cristiano Matos
10:30	INTERVAL – Coffee break	
10:45	Break out groups – “Hands on 3” Project group contest Each group presents in 5’ the project developed in “Hands on 1 & 2” A symbolic prize will be awarded to the members of the best group	Chairs: David Richards Paulo Nogueira
11:45	Keynote Talk 3 – How to write an article reporting the results of an intervention. Top Tips.	Loreto Carmona
12:30	Workshop assessment + Closing	Ricardo Ferreira Adriana Henriques

SESSION OPEN TO WIDER RESEARCH COMMUNITY PARTICIPATION AND PRESS

12:40 to 13:30	ROUND TABLE Presentation of the TRACTION Network - Ricardo Ferreira (ESEL/CIDNUR) - Rikke Helene Moe (REMEDY) - João Carlos Barreira dos Santos (ESEL) - TBC - Susana Ramos (EEA Grants) – TBC - Tove Bruvik Westberg (Norway ambassador in Portugal) – TBC	Chair: Andreia Costa (ESEL/CIDNUR)
